

# PAYROLL & TAX FILING *by BASIC*

## Easy, Accurate, and Affordable Payroll

We know that as an HR professional or business owner, payroll processing and tax reporting can be a huge headache. Accuracy on both fronts is the only way to keep your employees happy and your business free from penalties and fines.

BASIC Payroll Plus leverages technology to help save your company time and money. Our software is easy to install, easy to use, and ensures an efficient and accurate payroll every time.

### Personal Service

You aren't just paying for technology, but a Payroll partner to assist with every step. Our clients enjoy personal service from a dedicated payroll specialist who is simply a phone call or email away.

## BASIC Payroll Services

Payroll the way it should be - BASIC.

- Easy – BASIC Payroll Plus software is simple to install and user-friendly. Different payroll plans allow you to choose options that meet your needs without reinventing the way you work.
- Flexible – Enjoy all of the benefits of outsourcing while you maintain control. Choose from more than 150 different reports in the system or customize your own online.
- Secure – BASIC Payroll Plus utilizes bank-level encryption making it the most secure system available; more secure than the industry standard payroll services. And it is completely auditable, giving you access to historical audit trails by user.
- Personal Service – Payroll reliability is crucial to earning and retaining your employee's trust. That's why our outstanding customer service representatives are readily available.

### Not all payroll companies are created equal.

But don't take our word for it, read what our customers have to say:

*"Our experience with BASIC to date has been exceptional. Their payroll software provides us with all of the essentials in regards to reporting, direct deposits and any payroll deductions or calculations we need. Our previous payroll service gave us the feeling that we were just another number in the system after the initial setup. BASIC adds a personal touch to all their services, allowing problems to get resolved quickly and accurately."*
